2. Duplicate Reservation Review

Two independent searches using the property's local date (9/8/2026). Cancelled reservations excluded. Email is not displayed in the Reservation Activity Report, so flagged groups are classified as Repeat Offenders (no email shown).

Previous 90 Days — Repeat Offenders (top by reservation count)

Guest name	Active reservations	Match strength
KIDWELL, TAMARA	51	Exact
GARCIA, JUAN CARLOS	35	Normalized
CASPER, GREG	30	Exact
ESPINOSA, JOEL	27	Exact
RODRIGUEZ, NORMA	16	Exact
CARRILLO, YVONNE	15	Exact

Previous 90 Days: 2,735 reservations total → 301 cancelled excluded → 284 groups with more than one active reservation

Next 90 Days — Repeat Offenders

Guest name	Account #	Arrive	Depart	Nights	Rate	Rooms
JUAREZ, FERNANDO	1066151016	9/8/26	9/11/26	3	\$129.00	1
JUAREZ, FERNANDO	1066151079	9/8/26	9/11/26	3	\$129.00	1
JUAREZ, FERNANDO	1066151080	9/8/26	9/11/26	3	\$129.00	1

Next 90 Days: JUAREZ, FERNANDO × 3 identical stays (same dates/rate, 3 rooms) — match strength: Exact

- Possible (spelling-variant) matches flagged — not auto-merged: espinosa/espinoza joel; cervantes/cervates pedro; lopez pdro/pedro; torres robert/roberto.

Notes & Limitations

- The Reservation Activity Report does not display email addresses, so flagged groups could not be split into company-domain (Duplicates) vs. personal/no-email (Repeat Offenders). To classify emails, drill into individual reservations or the Account export.
- Next 90 Days returned only 6 reservations (furthest future arrival 9/13/26) — future bookings may not be fully loaded in this property's system.
